From: Assistant to the Director

STAT

Subject: [redacted]

1. The writer, [redacted] worked for STAT General Smith as a Security Officer during the war either here in Washington with the Combined Chiefs of Staff or in Europe with SHAEF Headquarters. I am not sure which.

STAT

2. His letter of October 25 was received by Gen. Smith and forwarded to you with a note from Gen. Smith written on the letter to the effect that you might be interested in using [redacted]. As I recall, my impression of the General's comment was that he had nothing against [redacted] but was not particularly pressing for his employment. This letter with Gen. Smith's note was checked out of the Executive Registry but apparently never reached your office.

STAT

3. Request preparation of a reply to attached letter for General Smith's signature.
